## **SMOKE FREE POLICY STATEMENT**

### **PURPOSE**

This policy has been developed to protect anyone who enters the Cavendish pavilion or bowls pavilion from exposure to second-hand smoke and to assist compliance with the Health Act 2006.

Exposure to second-hand smoke increases the risk of lung cancer, heart disease and other serious illness. Ventilation or separating smokers and non-smokers within the same airspace does not completely stop potentially dangerous exposure.

### **POLICY**

It is the policy of Baslow Sports Field CIO that all our facilities are smoke free and all members and facilities users have a right to be in a smoke free environment. Smoking is prohibited in all enclosed and substantially enclosed premises at the Sports Field. It applies to all who enter the Sports Field premises.

### **IMPLEMENTATION**

All facilities users are obliged to adhere to and support the implementation of this policy. All existing members and regular contractors shall be informed of the policy, together with their role in the implementation of the policy. New members, visitors and other users of the facilities will be made aware of the policy.

Appropriate 'no-smoking' signs will be clearly displayed at the entrances and within the premises.

### **NON-COMPLIANCE**

Anyone who does not comply will be asked to leave the premises immediately. Anyone who offends repeatedly will be banned from the premises.

Those who do not comply with the smoke free law may also be liable to a fixed penalty fine and possible criminal prosecution.
