NEW SCALA JUNIOR LEAGUES

The Scala junior leagues are a great way to organise and play against other junior members at the club. The league works by downloading the Scala sports app then registering to compete in the Brentwood LTC junior league. Once registered you will be put into a league of players of a similar standard. Matches are arranged via the app at a time to suit you.

MATCH PLAY

Why not test out your game in a Match Play event. The events give juniors in the 12, 14 and 16 and under age categories the chance to compete against other juniors to help them understand the game of tennis.
