BRAMFORD TENNIS CLUB - WELFARE OFFICER

THIRZA DOD - WELFARE

My family and I are members of Bramford Tennis Club and I regularly play here, often attending club events with my children.

We really enjoy playing tennis, and I believe in making sure it is safe and inclusive for everyone.

As the clubs welfare officer you can be assured that I regularly undertake specialist safeguard training in order to keep my skills and knowledge up to date and that I also ensure that anyone else working with children or vulnerable adults at our club e.g coaches also meet all the latest LTA safeguarding requirements.

If you have any concerns or if you just want to talk to someone about wider welfare issues, then please contact me confidentially using the details below. Alternatively you can contact one of the other agencies listed on the right of this poster
