

# Ey Up! Ladder?

## Ground rules:

- Members may **challenge 4 steps above** their current position on the ladder.
- Best of 3 sets. Full sets (no 3<sup>rd</sup> set tie breaker allowed)
- A score card must be submitted after each match **signed by both players**.
- Any court, challenger decides.
- Please wait at least **3 weeks before** rechallenging the same person.
- Decide amongst yourselves who will provide match balls (**new tin preferred**).
- Any player found **not** making a **reasonable effort or refusing** to play matches may be **demoted down** the ladder as a consequence (roughly a calendar month).

For ease of starting the ladder we will initially open positions based on league standings.

- All other entrants will be placed below these positions.
- Any new members entering the ladder after October/November will do so 4 steps from the bottom.

*Playing as part of the ladder will not decide who plays next year in the league – however captains may refer to it to help build their teams in Summer 2024.*

***A score card must be submitted into the letter box in the pavilion after each match or the match won't count (to help us keep track of positions) - it must have both players names clearly written with the outcome of the match and signed by both players.***

***Members who are aged '16 – u18' may sign up but please do not include your personal contact details instead have your parent/guardian counter sign your name with theirs and their contact information!***

***Any matches organised with players under the age of 18, must be done so through those members parent or guardian - no exceptions.***

Many Thanks,

Pete
