

Rules for "Peak Time"* Booking and Play on Catford Wanderers hard courts.

(As at 5 October 2023)

***Peak Time = Weekday evenings - 6.00pm onwards.**

1. League/Match fixtures will always have priority for courts. However, any scheduling of matches in the peak time will only be a last resort - as matches should be scheduled for the grass courts in Summer and scheduled for non-peak times in the Winter.
2. An allocation of courts will be agreed and reserved for the SE London coaching team - recognising the importance of coaching for the future development of the Section. The coaching allocation will be regularly reviewed by the Committee to ensure a reasonable balance between coaching and social play is maintained.
3. Remaining courts will be available for Adult members for arranged social play (doubles and/or singles).
4. A Junior may be invited by an Adult member to join them in arranged social play - but juniors should not play for more than 2 x peak time hours per week.
5. No other formal or informal coaching will be allowed - other than that allocated to SE London Tennis.

These rules will be reviewed regularly by the Tennis Section Management Committee and may be subject to change at any time - in order to maintain a reasonable balance in court usage.
