

CLTC – Club Priority Rules

Charnwood LTC allows all members to use the courts on a casual basis, without the need for booking in advance. Some of our courts are also available for public hire. ClubSpark shows officially sanctioned play approved by the Management Committee. If you feel there is an error, or an event is missing, please contact James Holt; 07753 407531.

For the avoidance of doubt

- Courts marked as booked take preference over casual play.
- Senior members have priority over junior and parent members at all times, except for court 8 which has been designated a junior priority court. Members must give way immediately as appropriate.
- Coaching has priority over junior and parent members on court 8 at all times, and should be used in preference by coaches if all courts are in use.
- In the event of a court being booked by a member of the public, members must give way for the times shown on a valid ticket.
- **If members are waiting to play because all of the courts are full, then courts in use for casual play, not matches, must give way after 7 games have been played.**
- Members waiting the longest have priority for courts as they become available.
