

Cheam Tennis Club Junior Programme – Summer Term 2024

At Cheam Tennis Club, the team at **Ace Coaching** offers tennis classes starting at 3 years old and continuing to players at 18 years old. Our specially trained LTA coaches will ensure each and every kid has a great tennis experience within an inclusive environment.

Our Team

Amit Mohindra, Ash Horsman & Natasha Mellon

Our Classes

- Active and dynamic tennis sessions for kids of all ages and ability
- Technical and tactical tennis coaching to enable players to serve, rally, and eventually play a match
- We'll help kids develop important athletic and motor skills, fundamental to their early physical development
- Low player to coach ratio in each hourly class so that we can provide the best possible tennis experience for your child
- A series of fun challenges, games or matches during the last lesson of term, known as Match Week
- Feedback report to track your child's progress (twice a year)

Ace Coaching Class Levels

Starter Stage: For players new to tennis. Learn the fundamentals of tennis: contact point, forehands, backhands, serve, and eventually to rally and tennis exchange. Focusing on developing the key ABC skills (Agility, Balance and Coordination) for tennis.

Development Stage: For players who know and can demonstrate all the teaching points of serves, forehand and backhands and have started to rally and serve.

Players are improving the fundamentals of tennis, particularly technical and physical elements to improve and increase tennis exchange and specific tennis movements. Players are playing once but are encouraged to play twice a week.

Plus Stage: Invitational classes for players who can rally and serve. At this stage, there is a greater focus on improving player's technical and physical abilities while increasing tennis exchanges. Competition is gradually incorporated into lessons. Players are required to be playing at least twice a week and expected to play internal competitions outside of lesson time. These players are showing real signs of commitment to the sport.

Ace Academy Stage: Invitational squad classes for our most advanced players. Further developing dynamic movements and skill acquisitions, some of which they are able to regularly apply. Introducing tactical elements while also working on their mental approach to their game. Players are expected to play internal and external competitions outside of lesson time.
