

Cocks and Hens Cambridge Tennis

DOG POLICY

Registered assistance dogs are allowed in all parts of the club. Other dogs are allowed in the grounds, but not on the courts or in the clubhouse.

We do not encourage members to bring their dogs, as they can misbehave or distract members from playing tennis, especially if there is more than one dog.

If you do bring your dog, please:

- do not leave it unattended and show the greatest respect for all other members. Some members may be scared of dogs or not like sharing space with them due to having a dog allergy or for another reason
- keep your dog under control at all times. Use a lead if necessary
- deal with any barking immediately
- clean up after your dog and take your doggy-poop bag home afterwards

From May to September, please do not allow your dogs on the grass courts.

In short, a well-behaved dog is welcome, especially if they are a registered assistance dog. Please leave other types of dog at home.
