

Wiltshire  
**Air Ambulance**  
funded by you, flying for you

10 August 2021

Ref: 0000081027

Dear [REDACTED]

On behalf of the Wiltshire Air Ambulance Charitable Trust, thank you to the members of the Corsley Tennis Club for your wonderful donation of £75.00 raised at your American Tournament on the 4<sup>th</sup> July. Your support and generosity is truly appreciated.

Wiltshire Air Ambulance is a charity and relies on donations to continue saving lives. We receive no regular direct funding from the Government or National Lottery grants. It costs £3.75 million a year to continue flying and saving lives, that's just over £10,000 per day.

We have continued to operate on the frontline throughout the coronavirus pandemic, ensuring that our aircrew are there for when people need us most. Even during the national three lockdowns, we have been able to continue bringing enhanced clinical skills, medication and lifesaving equipment to the scene, whilst taking the necessary precautions to protect our staff and patients.

The health and wellbeing of our staff is of paramount importance to us. Given the clinical nature of our airbase, our charity office remains closed to the general public at present.

However, if you would like any further information about Wiltshire Air Ambulance, please do contact us by email to [hello@wiltshireairambulance.co.uk](mailto:hello@wiltshireairambulance.co.uk). Additionally, to keep up to date with our charity and to find out how your generous donation is used for our lifesaving work, why not sign up to our monthly e-newsletter here: <https://www.wiltshireairambulance.co.uk/newsletter>.

Sending our very best wishes from the Charity Team and Crew at Wiltshire Air Ambulance.

Yours sincerely,

**Louisa Perrett**
