

## How to register to book a court at CLTC

Only paid-up members can view the booking page and book courts at CLTC. New members will need to register before they can do this, unless they have applied to join from the Join Us page on this website and therefore registered automatically with Clubspark, who run the software for the booking system. To register, click on “Register”, top right of any web page on our website as shown here

You will be taken to the Register or Sign in page, with five options for opening an account. See here

As you can see above, there are several options for opening an account:

1. Your email address and password of your choice (this registers you with Clubspark)

2. You can use your LTA profile, meaning your LTA details (email address and password)
3. You can use any one of your accounts, if you have them, with Google, Facebook, or Microsoft.

Whichever method you choose, please note, you must use the same method each time you sign in to book a court. In practice this usually just means your saved profile.
