DTA Handbook 2024

On behalf of the members of the Derbyshire Tennis Association Management Committee I take this opportunity to thank all our clubs, their officers and members, for their support over the past 12 months, and wish everyone a very enjoyable, and hopefully, successful 2024 season.

Whether you play socially, in club teams, in county tournaments, for one of our county teams or at an even higher level, play hard but play fair, and treat both victory or defeat with magnanimity.

John Last,
President Derbyshire Tennis Association

Message from the Chair and LTA Councillor

This year's handbook will continue to evolve with a hard copy being available on request. Most of the essential information will be available on the [Derbyshire Tennis Website](#) and the [Derby Area League website](#).

Please let the Derbyshire Secretary know how many copies your club would like by emailing Louise Walker on derbytenniscentre@gmail.com

If your club has any changes to captains/details please make them available on your club website plus contact Jon Apedaile on Jonathan.apedaile@sky.com

Hopefully you all have an enjoyable 2024 and lots of tennis activities take place throughout the year without further disruption.

James Grindell
Chair/Councillor
Derbyshire Tennis Association

TO ALL PLAYERS

1. This Handbook is distributed, in the majority of cases, free of charge. This has been made possible by the support given to the Handbook by our advertisers. PLEASE SUPPORT THEM IN RETURN AND LET THEM KNOW YOUR SUPPORT STEMS FROM THEIR ADVERTISEMENTS.
2. The D.T.A. is YOUR Association. It exists to promote tennis in the county. If there are any matters you as a player feel should be altered or improved do not hesitate to contact any of the officials or members of the management committee to bring it to the attention of the Association.
3. To promote tennis in all its facets in Derbyshire is costly. Sponsorship helps to offset the cost while at the same time providing publicity to the sponsor. If you know of any company, firm or individual who may be interested in some form of sponsorship (no matter how small) please contact any official, officer or Management Committee member.

TO CLUB OFFICIALS

1. Club Affiliation and Handbook fees. Please see item 2 below.
2. AFFILIATION FEES - The payment of the annual Affiliation fee has been suspended since the Coronavirus Pandemic. As that is now behind us the payment of Affiliation Fees will be reinstated, effective from 1st May. The Treasurer will be contacting all Derbyshire clubs who were affiliated from May 2019. Any presently unaffiliated clubs who wish to affiliate, and be a part of the Association, should contact the DTA Treasurer. When the affiliation process is concluded all affiliated clubs will automatically become affiliated to DTA Ltd.
3. Associate Members: £65.00

League entry will be invoiced and sent to the relevant area Club Secretary or Treasurer for payment.

4. Any change of officials needs to be updated on your LTA registration here: <https://www.lta.org.uk/roles-and-venues/venues/>

The Annual General Meeting of the DTA will be held at 7.30pm on the fourth Tuesday in November - 26th November 2024.

5. If you have any information or function that you would like to be published, please contact the DTA Secretary c/o Derbyshire Tennis Centre Ashe Place, Off Vincent Street Derby, DE23 8BF or e mail derbytennis@hotmail.co.uk or derbytenniscentre@gmail.com

Accounts – Year to 31st December 2023 Treasurer’s Report

As reported at the AGM on 28th November, the method of financing county activities has changed for 2023 and ensuing years. Therefore, the format of supporting notes will have changed to meet LTA requirements. In some cases, there is no meaningful comparison to previous years.

General

Balance Sheet

1. Bank Balances have increased by £27,449 since 31st December 2022
2. Net Current Assets have increased by £22,402 during the same period due to the above increase.
3. The Tennis Center Sinking Fund has been increased by £14,400 in line with LTA guidance.
4. A Club Support Fund has been generated which according to the new reserves policy should reach £20,000 at some future date. A small value loan system is likely to be rolled out to member clubs sometime after Incorporation.

Tennis Center

Income

- A. Income of £129,389 was £13,567 higher than in 2022.
- B. This was achieved by higher coaching income and internal use of the facilities such as Junior County Training and Junior Team Tennis.

Expenditure

- a. Expenditure was £13,556 higher than 2022.
- b. Inflationary pressures have had an adverse effect on employment costs along with additional hours being deployed to reflect the busy nature of the business.
- c. Coaching costs were also significantly higher to service higher demand.
- d. During the final quarter, the aged gas boiler ceased to function. A new modern boiler has been installed at a cost of £6,200.

Net Surplus

As a result of the above the tennis centre realised a surplus of £16,744 of which £14,400, as previously stated, has been transferred to the Sinking Fund.

Central Grant Activity

As reported at the November AGM, the county now qualifies for a central grant from the LTA amounting to £65,000 per annum with inflationary adjustments for future years. The amount for 2024 is expected to be 5% higher.

The grant covers administration, participation, competitions, and performance. The main costs within that grant include, general admin, website and social media, club and coach support, county cup, tournaments, and junior performance. Derbyshire has approached the project in line with other counties. The whole of the grant has been spent up.

Other Association Business

Income

- A. Reported Income amounted to £13,093.
- B. The county was successful in attracting sponsorship from three donors amounting to £10,750. The first time this has happened since pre-covid.
- C. Interest Rates at the Mansfield Building Society yielded £1,859. An increase of £888 over 2022.

Expenditure

- a. Expenditure amounted to £9,085.
- b. The main components of that expenditure were administration, accountancy, sponsorship support and an advance payment for the 2024 awards night.

Net Surplus/Deficit

As a result of the above, Other Association Business realised a **surplus** of £4,008 during the year which has enabled a Club Support Fund to commence. The aim is to increase that fund to £20,000 as finances permit.

The Future

Budgets

A budget has been prepared and approved by the LTA which plans for an operational surplus of £15,950 and includes the first-year operation of a new Padel Court at the tennis centre. As part of that process a Reserves Policy has been written, also approved by the LTA, and has been posted on the association club spark website.

Derby Area Tennis League – Summer Rules

1. The Competition shall be administered by the League Committee.
2. Clubs competing in the Competition shall pay the fee for each team entered to the League Secretary at the point when entries are requested.
3. Promotion and relegation in the various divisions shall be automatic – the top two clubs being promoted and the bottom two clubs relegated. An exception to this may arise following either the withdrawal or addition of teams, in which case the number of teams promoted and /or relegated will be at the discretion of the League Committee. If two or more teams in the same division tie on equal numbers of league points (2 points – Win; 1 point - Draw ; 0 points – Loss), for promotion, relegation or the League Championship the highest placed team shall be determined as follows:
 - i) The number of sets for and against over the whole season, for each tied team, shall be determined and the difference between the two figures calculated. The team with the highest positive (or lowest negative - if all are negative) “set difference” shall be awarded the highest league position of the tied teams.
 - ii) If the “set difference” is equal the result(s) between the tied teams shall be used to determine the highest placed team. Sets or games in these fixtures will be added up where necessary.
4.
 - i) No club shall have more than two teams in the same division of the League.
 - ii) A club entering more than one team in a league section shall nominate **SIX** players for each team except the lowest ranked team. In the Mixed section, **THREE** Ladies and **THREE** Men shall be nominated for each team, except the lowest ranked team. **A lower ranked team may only include a maximum of two players nominated for the team ranked immediately above for each match and none from teams ranked higher still. In the event of more than two higher nominated players being inadvertently used, the most successful player(s) shall be deemed ineligible.**
 - iii) Any such nominated player must play **for the team for which they are nominated in at least one of the first two matches.**
 - iv) No player may represent a club in more than TEN matches in one league section in a season i.e. Either Men’s or Ladies or Mixed (as separate entities).
 - v) The League Secretary must receive these nominations in writing not later than 48 hours **after the team plays its 2nd match.** Failure to do so will result in a one point deduction per match played until the nominations are received.
 - vi) If a club has two teams in the same division their first match should be against each other. The match should be played to a conclusion before either team play their next match.
5. A player shall not play for more than one Club in any section (Men’s, Ladies or Mixed) of the competition, and he/she must be a bona fide member, i.e. A member who pays the full annual subscription and entrance fee to the club or clubs for which he/she plays.

6. In divisions where only one match is played between the competing clubs the ground for any match shall be that upon which the corresponding match of the preceding season was not played (where possible). New clubs to a division will take the fixtures of the clubs they have displaced as directed by the League Secretary on behalf of the League Committee.

7. i) All matches shall consist of nine sets – all doubles i.e. each pair shall play three sets (1 set against each of the opposing 3 pairs) . Each set shall be a pro set. The winner shall be the first pair to win 9 games (by 2 clear games) e.g. 9-7. If 8 games all is reached a tie break shall take place. The winner of the tie break will win the set 9-8. For each set won the team shall score one point towards the final match score. If the sets have started, no substitute shall be allowed for players who have already taken part in that particular match.

ii) A minimum of two pairs from either side must be on court and ready to play for the match to proceed (within 15 minutes of the appointed start time). Any team sending only one pair will automatically forfeit the match. The match should commence at the start time agreed by the fixture secretaries/captains. i.e. 6-30pm for a weekday match. If a team has only 2 pairs for the duration of the match, they shall forfeit 3 sets. After that, the following lateness rules apply: If any pair of doubles is not ready to play within fifteen minutes of the appointed start time (unless by prior agreement between the two clubs), they shall forfeit the first 4 games of the first set: if not ready within 30 minutes of the appointed start time they will forfeit the whole set. If 1 hour late they shall forfeit two sets. If one and a half hours later than the appointed start time they will forfeit all three sets.

8. If any club cancels a match, scratches or fails to put in an appearance on the specified date arranged, except by mutual agreement between the clubs concerned the opposing team shall count two points. Inability to raise a full team will not be considered an adequate reason for postponing a fixture. The home team shall decide if weather conditions are fit for play. A team playing with 2 pairs for the duration of a match shall have one (1) point deducted from their total should they win that match.

i) Any club conceding one match for any reason shall have two points deducted from their final total. Any club conceding two matches for any reason will be automatically relegated to the next lower division the following season. Any club conceding three or more matches for any reason will be moved to the lowest division the following season. Clubs conceding three or more matches will have their results in that division expunged.

9. The Match Secretary of a club unable to fulfil a fixture shall inform the Secretary of the opposing club and the League Secretary by letter, email or telephone, at the earliest possible moment.

10. If a match is cancelled owing to bad weather, or other unavoidable cause, it shall be rearranged by the Match Secretaries and/or Team Captains of the clubs concerned within seven days of cancellation. It is the responsibility of the home team to offer a minimum of three dates, giving at least seven days notice, when the opposing team has no fixtures on those dates. Should the home team not offer these dates within seven days, or should the away team not accept any of these dates then the match will be forfeited. The away team to accept within seven days of the offer from the home team. The League Secretary must be notified of the rearranged date by both clubs within 48 hours of agreement.

11. The Captains of the opposing teams shall, if necessary, agree upon umpires who shall see that matches are played out in accordance within the laws of the Lawn Tennis Association.

12. The club on whose ground the match is being played shall provide not less than three new balls per court of a type and quality approved by the Lawn Tennis Association. Note: The LTA uses the ITF approved list of balls as its approved list. Ball retail containers will usually state if they are LTA/ITF approved. If in doubt consult the League Secretary. The approved LTA/ITF list of balls can be found at www.itftennis.com

13. Before the start of a match it is the responsibility of the home team captain to ask the opposing captain if he wants to start the match afresh or from the score at the point the match is abandoned if the match cannot be completed on the date arranged.

i) If a match reaches the end of the second round or completion of 6 sets (without one team winning 5 of them and therefore the match) i.e. The score at which the match is abandoned shall be the score the match recommences from at a future date/time. (This therefore over-rides the agreement made by the captains at the start of the match).

ii) If the match is not able to progress to the end of the second round (or completion of 6 sets) the agreement made by the two captains at the start of the match shall determine the score to be used when the match recommences on a new date. No agreement made at the start of the match will mean the home captain's preference will prevail if the end of the second round or completion of 6 sets has not been reached.

iii) Where a club has indoor facilities it is the responsibility of the home team captain to ask the opposing captain, before the match starts, if they are agreeable to finishing the match indoors should the need arise.

iv) Where a club has floodlight facilities, these should be used to complete matches when necessary.

14. For each win, a club shall count two league points. In the unlikely event of a match finishing in a draw e.g. if the match is not fully completed and the team captains agree a draw, one league point shall be awarded to each club. The club obtaining the highest number of league points in any section or group shall be the winner thereof.

15. If a team withdraws from the competition before completing its engagements, all records of matches played by the team shall be expunged.

16. The result of every match shall be communicated to the League Secretary within 1 week of it being played, by the home club concerned. The penalty for not doing so is a 1-point deduction.

17. i) The League Secretary shall be responsible for sending out to all competing clubs on the 1st January the fixture lists for all the divisions indicating home and away, together with a list of match secretaries and telephone numbers.

ii) The completed fixtures, in chronological order, must be handed in to the League Secretary at the AGM or by that date.

iii) All league fixtures must be initially scheduled to be played by 15th September. Rearranged matches should be completed by 30th September.

18. Deleted.

19. Any club dissatisfied with any decision of the League Secretary or having any dispute or difference with any other clubs relating to any matter connected with the competition shall

have the right to refer the dissatisfaction to the League Committee for decision. Representatives of the club(s) concerned have the right to be present at the meeting convened to deal with the matter. The decision of the League Committee shall be final.

20. Deleted.

21. These rules may be altered, rescinded or added to at any Annual General Meeting.

DERBY AREA INDOOR WINTER LEAGUE RULES 2023/24 SEASON

1. The Competition shall be called “The Derby Area Indoor Winter League”.
2. The grouping of the clubs and the running of the Competition shall be in the power of the Derby Area League Committee. Competing clubs shall be affiliated to the D.T.A. or other County Associations.
3. Fixtures shall be made by the Derby Area League Secretary.
4. (i). All matches shall consist of two pairs from each club. Each pair shall play to two short sets, with the tie-break coming into operation at five games all, against each opposing pair. For each set won the team shall be awarded one point towards the final match score. **When the first buzzer sounds, 1 hour 5 minutes into the 2-hour session, any sets still to be completed from the first pairings shall continue playing until an even number of games has been completed. At this point the sets between the 2nd pairings should be commenced. If these sets are completed before the end of the match any incomplete sets from the 1st pairings should be resumed.** When the 2nd buzzer sounds, the point in progress shall be completed and then play is stopped. For incomplete sets, if one team leads by 2 or more games, that team is deemed to have won the set. Otherwise, the set does not count towards the final score. Any incomplete games do not count. If any pair is not ready to play at the appointed time, they shall forfeit the set; if not ready within 30 minutes of the appointed time they shall forfeit two sets.

(ii) The team winning the most sets (and therefore) points shall win the tie. A drawn match can result if the number of sets won is equal.
5. (i) A player shall not in any one season play for more than one club in any section (Men’s, Ladies or Mixed) of the competition and he/she must be a bona fide member – i.e. a member who pays the full annual subscription or a ‘summer only’ subscription of the club or clubs for which he/she plays.

(ii) Players are considered to play for only one team in the same competition in the same season. i.e. a player can play for Men’s 1 only not for Men’s 2 or 3 in the same indoor season. However, a player from a lower team may play one (1) match only for a higher team. To clarify, a player who has played twice for a higher team cannot then play for a lower team; a player who has played once for a higher team and once for a lower team can only subsequently play for the lower team.
6. (i) If any club cancels a match, scratches or fails to put in an appearance on the specified date arranged, the opposing team shall count a win. Inability to raise a full team will not be considered an adequate reason for not fulfilling a fixture. In the event of a cancellation the Venue Manager must be informed immediately

(ii) If cancellation occurs less than 48 hours before a match is due to begin, the defaulting club shall be required to pay the total court fee (excluding the cost of balls) **In the event of no notification being given at all prior to the match then the cost of the balls will be included** and the team and shall not be permitted to compete further in the Competition until all such fees are paid.

(iii) If cancellation occurs more than 48 hours before a match is due to begin, the defaulting club shall be required to pay 50% of the total court fee (i.e. excluding the cost of balls) and shall not be allowed to compete further in the Competition until all such fees are paid.

(iv) If a team fields only one pair, then their opponents are only charged half of the usual match fee. The team with one pair is liable to pay their own fees and half the fees of their opponents.

7. Any club conceding one match for any reason shall have two points deducted from their final total. Any club conceding two matches for any reason will be automatically relegated to the next lower division the following season. Any club conceding three or more matches for any reason will be moved to the lowest division the following season. Clubs conceding three or more matches will have their results in that division expunged.
8. If a club shall withdraw from the Competition before completing its engagements, all records of matches played by the club shall be expunged.
9. Promotion and relegation in the various divisions shall be automatic – the top club being promoted and the bottom club being relegated. An exception may arise following either the withdrawal or addition of teams, in which case the number of teams promoted and/or relegated will be at the discretion of the League Committee. If two or more teams in the same division are tied on points (2 point – Win, 1 point - Draw, 0 points - Loss), the team with the highest positive (or lowest negative) set difference when calculated over all matches played will finish in the higher league position. If the set difference is equal the result of the fixture between the tied teams shall be used to determine the highest finishing team. Sets or games in these fixtures shall be added up where necessary.
10. An inclusive charge per team to cover the court fee and provision of balls shall be determined by the League Committee and Venue Manager and shall be paid before the commencement of play.
11. Clubs shall pay a fee for each team entered, the amount as determined at the A.G.M. of the Derby Area League. This shall be £5 per team for 2023/24.
12. The match score (as one point per set), result and names of the competing players shall be entered on a scorecard and communicated to the League secretary within 48 hours of the match being played. This must be signed by the captains of each team.
13. A ball striking the roof or other court fixture shall be deemed to be a fault.
14. Players will only change ends at the completion of a set.
15. Non-marking white-soled tennis shoes only to be worn.
16. If on the 30th April in any year there is a list of clubs waiting to enter any of the three Competitions, the club at the top of the list(s) shall be admitted to the Competition and the displaced club(s) at the bottom of the league(s) shall move to the bottom of the waiting list(s).
17. All differences and disputes shall be referred to and settled by the League Committee. Particulars shall be sent in writing within three days to the League Secretary by the Secretary or Secretaries of the club or clubs concerned who shall have the right to be represented at the meeting convened to deal with the matter. The decision of the League Committee shall be final.
18. For breach of any of these rules, and for any irregularity, the League Committee may impose such penalties – either by way of deduction of points or otherwise – as it may think fit.

Changes for 2023-24: See bold in rule 4 i), 6 ii). Rule 6 iv) added.
