

AGM Performance Report 2019

What a year 2019 has been with many notable team successes!

- Devon 14U boys team came 2nd nationally – narrowly losing in a match tie break shoot out to Warwickshire
- Devon 9U mixed team winning the South West Division
- Devon 18U boys team gained promotion to Division 4a
- Devon Tennis has risen to it's highest position of 23rd in the County Cup Race (a climb of 11 places)!

These successes though have been underpinned by the tremendous work of our Devon County Coaches who have been magnificent, with huge commitment, dedication and energy. The team have delivered tirelessly to not only players on the programme but to ensure that we have a conveyor belt of talent coming through. The structure of 3 Satellite Centres (Exmouth Tennis Centre, Tarka Tennis Centre and South Devon Tennis Centre) with Exeter Tennis Centre as the LTA's Local Player Development Centre enables the county to build strong relationships, spread the net further and wider as well as aiding the monitoring of players. During 2019 this has been highlighted with: -

- Over 15 coaches regularly delivering from 9 different clubs and centres across the county
- Over 120 players currently on the Devon Tennis training programme with 7 full county squads and 2 Tier 2 sessions
- 6 Mini Tennis Festivals and 2 Mini Tennis Finale's which have seen the team work with over 100 new players aged between 6-9 years of age!

The future certainly looks very bright for 2020 and exciting as the team strives for even more success! Go Team Devon!
