

# SAFEGUARDING STANDARDS - WELFARE OFFICER SUPPORT

Working with the Customer Support Team and Regional Safeguarding Team we have created a dedicated Welfare Officer page on the LTA website which will hopefully steer new and existing Welfare Officers to all the information they need.

We hope this will improve the Welfare Officer customer journey breaking down a lot of information into easier bit-size chunks depending on whether they are considering the role, new in post or already an existing welfare officer.

You will find the new dedicated page here - <https://www.lta.org.uk/about-us/safeguarding-protection/welfare-officer/>

The page can be accessed on the [Safeguarding homepage](#) and the [Venue Standard page](#) (under the Welfare Officer accordion).

The page is now live, but we are still adding/amending sections but hopefully this will all be beneficial ahead of venue registration (separate communication to follow on venue registration launch).

Links will also be added to the Contact Us page and the venue newsletter in November.
