

# AGM 2022 - Baseline Tennis

## The Last Year

When I started Baseline Tennis, I set out with a desire to encourage more people to 'Enjoy, Learn, Play and Compete'. With that in mind 2021 - 2022 has been a very exciting year of growth for Baseline Tennis and Haddington Tennis Club. The first of our competitions took place last summer and over the year we saw lots of children picking up a racket for the first time.

Some key success include:

- 4 very successful weeks of camps across Easter and Summer
- The Road to Wimbledon competition for 11 - 14yr olds which resulted in 2 of our Juniors going to regional finals in Edinburgh
- Our first Christmas competition
- Coaching sessions provided to the local school
- New Monday sessions due to increase demand
- New Adult Beginners sessions
- A large increase in Junior attendance and membership as highlighted in the Membership Report
- An increase in non-member fees for the club as highlighted in the Treasurer's report

Following on from a successful year, I am keen to continue the growth of both our Junior and Adult programmes. This year will see the continuation of the Junior programme on Mondays, Wednesdays and Fridays as well as the Adult sessions on Wednesday and Fridays

A brief outline of sessions is below:

This year we will also see an increase in the number of competition events run for our Juniors and we will be looking forward to building a strong group of young players to start taking part in East Lothian and East of Scotland competitions.
