

## **HENLEAZE LAWN TENNIS CLUB**

### **Guidance for Safe Play**

Please support the Committee and all our members to keep everyone Covid safe as we emerge from lockdown 3. Below are the behaviours we expect at the club in order to maintain and promote health for all.

### **Expected behaviours**

1. Do pre-book courts, turn up on time (if you are early, wait in your car/or at a safe distance from courts), and leave the premises promptly when your session ends.
2. Do wear a mask when arriving at the club, when moving between courts and, in particular, in the narrow area outside the clubhouse.
3. Do use hand sanitiser (provided) on entering and on leaving the courts.
4. Do maintain 2 metre social distancing
5. Do place your bag 2 metres away from others.
6. Do bring your own water bottle, there are no cups/glasses at the club.
7. Do note that spectators are not allowed other than parents of children in coaching groups see [LTA summary grid](#).

### **Use of Clubhouse/Toilets**

One toilet will be available. If someone is using it, wait outside. Blue tape shows the area that can be accessed, avoid crossing this. Cleaning agents and cloths are available, spray/wipe down taps and handles after use.

The coaching team need access to the clubhouse for equipment. Coaches are expected to stay away from the area players will access for the toilet.

When present, coaches will open windows to ventilate the building and minimise risk.
