I agree to my son/daughter (delete as appropriate) taking part in the Hoole LTC singles league.

I understand that matches will not be supervised by any club coaches or officials.

I have read and understood the rules of the league, particularly the rules which state:

- It is recommended that participants under the age of 18 do not give out their own contact details and that matches are arranged via their parents/guardians.
- It is recommended that all players under the age of 13 should have a parent or guardian present at their matches.
