

# HOVINGHAM TENNIS CLUB

## ONLINE SAFETY AND COMMUNICATION POLICY

### PURPOSE AND SCOPE

Hovingham Tennis Club strives to ensure that all children (anyone under 18) and adults at risk are safeguarded from abuse and have an enjoyable tennis experience.

This document sets out how Hovingham Tennis Club uses the internet and social media, and the procedures for doing so. It also outlines expectations for online behaviour and communication for all club members.

The principles in this policy apply no matter which current or future technology is used.

The purpose of this policy is to:

- Protect children involved with our organisation and who make use of technology (such as mobile phones, tablets, games consoles and the internet).
- Provide members and volunteers with policy and procedure information regarding online safety and inform them how to respond to incidents
- Ensure our club operates within the law regarding how we behave online.

This policy applies to all members, volunteers, parents/carers and any other individuals associated with Hovingham Tennis Club.

### WE RECOGNISE THAT

- the online world provides everyone with many opportunities; however, it can also present risks and challenges
- we have a duty to ensure that all children and adults involved in our club are protected from potential harm online
- we have a responsibility to help keep children safe online
- all children, regardless of age, disability, gender reassignment, race, religion or belief, sex or sexual orientation, have the right to equal protection from all types of harm or abuse
- working in partnership with children, their parents, carers, and other organisations is essential in helping them to be responsible in their approach to online safety.

### WE WILL SEEK TO KEEP CHILDREN SAFE BY

- understanding the safety aspects, including what is acceptable and unacceptable behaviour for members, coaches, volunteers and children, when using website, social media, apps and other forms of digital communication

- being aware that it doesn't matter what device is being used for digital interaction, but that the same safety aspects apply whether it is a computer, mobile phone, or game console
- when using social media, ensure that we adhere to relevant legislation and good practice
- ensuring the person managing our club's online presence has appropriate knowledge and experience.

## **MANAGING OUR ONLINE PRESENCE**

Our online presence through our website or social media platforms will adhere to the following guidelines:

- all social media accounts will be password-protected, and at least two members and/or volunteers will have access to each account and password
- social media accounts will be monitored by a designated person, who will have been appointed by the committee
- the designated person managing our online presence will seek advice from the member responsible for Safeguarding to advise on safeguarding requirements as required
- the designated person will remove any inappropriate posts, explaining why, and informing anyone who may be affected (as well as the parents of any children involved)
- social media pages/groups (e.g. Facebook pages/groups) used to communicate with children must be an organisation, community or sports group and not personal
- identifying details such as a child's home address, school details, telephone number or email will not be posted on social media platforms
- any posts or correspondence will be of a professional purpose
- the Club will make sure children are aware of who manages our social media accounts and who to contact if they have any concerns about the running of the account
- parents will be asked to give their consent for us to communicate with their children through social media or by any other means of communication
- parents will need to give consent for photographs or videos of their child to be posted on social media
- all our accounts and email addresses will be appropriate, fit for purpose and only used for Club specific activities.

## **WHAT WE EXPECT OF MEMBERS, COACHES AND VOLUNTEERS**

- they should be aware of this policy and behave in accordance with it
- they should seek the advice from our member responsible for Safeguarding and/or the LTA if they have any concerns about the use of the internet or social media
- any messages they wish to send out to children must be sent through the designated person responsible for the organisation's online presence
- they must not 'friend' or 'follow' children from personal accounts on social-media and maintain the same professional boundaries online as they would in person when using organisation accounts
- they must make sure any content posted is accurate and appropriate
- they must not communicate with children via personal accounts or private messages

- they must copy in parents or at least one other club member or volunteer should any communications be sent to children
- they must avoid communication with children beyond dedicated event or activity timings, unless it is necessary for professional purposes (i.e. emergencies, whilst on a trip, etc.) and contacting the parents is not possible
- they must sign off any communication in a professional manner, avoiding the use of emojis or symbols such as kisses (“X’s”)
- they will respond to any concerns reported through social media in the same way as a face-to-face disclosure, in accordance with our safeguarding policy
- they must not engage in sexting, or send pictures or messages that are abusive, obscene, inappropriate, indecent, or menacing to anyone
- they must ensure any 1-2-1 sessions with children involve the parents/carers being able to supervise their child, or alternatively, that another coach/member is present.

## **WHAT WE EXPECT OF CHILDREN**

- they should be aware of this policy
- they will adhere to the acceptable use statement for internet and social media use
- they will behave responsibly online and refrain from any bullying or abusive behaviour.

## **WHAT WE EXPECT OF PARENTS/CARERS**

- they should be aware of this policy and behave in accordance with it
- they should seek the advice from our member responsible for Safeguarding if they have any concerns about the use of the internet or social media
- they should communicate with other members, coaches and volunteers in a professional and appropriate manner
- they must not engage in sexting, or send pictures or messages that are abusive, obscene, inappropriate, indecent or menacing to anyone
- they will ensure their children understand the acceptable use statement for internet and social media use on all devices.

## **USING MOBILE PHONES OR OTHER DEVICES TO COMMUNICATE**

When using mobile phone or other devices to communicate, we will take the following precautions to help keep children safe:

- members, coaches, and volunteers will communicate through parents directly or copy them into all messages to children
- where it is necessary to contact children directly, and it is not possible to copy the parents into the message, we will seek parental consent to do this or include a second practitioner
- In some circumstances it may be necessary for members, coaches and volunteers to message children directly for logistical reasons and it is impractical to text the parents, for example cancelling or rescheduling the lesson
- Where this type of one-to-one communication by text message is needed, the message will not be deleted from the device to ensure an audit trail exists

- Messages will be used for professional communication, such as reminders about lesson times, meeting points etc.
- If a child tries to engage a member, coach or volunteer in a conversation which is not of a professional manner (for example, their personal life), the member, coach or volunteer will:
  - end the conversation or not reply
  - inform the member responsible for Safeguarding as soon as possible and arrange to address the matter with the child and their parents appropriately
  - if the conversation raises safeguarding concerns, notify the LTA as soon as possible .

## **USING MOBILE PHONES/DEVICES DURING ACTIVITIES**

So that all children can enjoy and actively take part in tennis activities, we discourage the use of mobile phones/devices when playing.

## **RELATED POLICIES AND PROCEDURES**

This policy should be read alongside our Hovingham Tennis Club policies and procedures, including:
