

# LTA YOUTH TENNIS: AGES 11-18

## Leatherhead Tennis Club

### 2021 Coaching Programme (2022 tba)

We have a great programme for girls and boys in the above age range. We welcome new players and members all the time! Tennis is a great game. It's both competitive and social. It's both an individual and a team game. It's one of few sports that boys and girls can play against each other. Learning the game as a child can provide your son or daughter with access to a sport that can last them all their lives! And, of course, it is another great way of being outside and keeping fit!
