

LTC: Club Operation from Monday May 17th

Individually organised play must still be booked via Clubspark / the Booker app.

The **clubhouse** is open but members must wear a mask inside at all times unless seated at a table and eating or drinking. Social distancing and the Rule of 6 applies – separate groups must not mix. If you will be in the clubhouse for more than ten minutes you need to sign the attendance book (on the kitchen counter) or check-in using the NHS app and QR notices. Please ensure good ventilation by opening the patio doors and don't forget to close and lock them!

The **loos** are open. The **changing rooms** are also open but for essential use only. We have been asked to discourage use of changing rooms and showers. You must wear a mask when using the loos, the changing rooms or entering the hallway. Try to avoid entering the hallway when someone else is there. The **kitchen** is open and charges for tea, coffee etc are currently waived.

The bar can now be opened by authorised operators for both outside and inside service. These are **table service only** – no going up to the bar counter. Inside the clubhouse, social distancing and the Rule of 6 applies. Just like at the pub, users of the bar, inside and out, will need to be logged in via the attendance book or NHS app.

Balls are distributed via tins available from the hallway. Mini tennis balls will also be available here. When collecting and returning balls please don your facemask and avoid others. A mini-tennis net will be available from the men's changing room.

The **sanitisers** will be out. Please continue to use them and to **allow people time** and distance when entering and exiting the club.

For the time being, the **benches and some court equipment**, e.g. measuring sticks etc, are staying off-court. When dragging and brushing the clay, please use the disposable gloves to sanitise your hands afterwards.

Matches: car sharing is now permitted but masks should be worn. Match fees continue to be waived until further notice. Spectators are now permitted.

Club sessions: pre-arranged sessions now cease and we will revert to turn up and play for Tuesdays, Thursdays and Saturdays. See the email.

It's great to be moving towards normal operations and we seek your co-operation and assistance in helping us do this.

Enjoy your tennis everyone!

Your Committee
