

Risk Assessment & Action Plan

Completed 25/11/2019

Thank you for completing your risk assessment. You will now have considered the risks that exist throughout your venue, detailed the work that you do and identified additional procedures that you will put in place to manage and minimise the risks of injury to your members, staff, volunteers, and visitors.

Please remember that the risk assessment is only a document and it is essential that you follow this up with real action to ensure that your place to play remains safe and secure. Keep revisiting the risk assessment to ensure that actions are completed as planned and as new hazards are identified, plans are put in place to manage these.

Club grounds

Q1 Are there regular inspections of club grounds, car parks, paths, and steps?

- (YES) - The club recognises the need for regular inspections of club grounds, car parks and steps and has a process in place.
- (NO) - Regular inspections should take place in order to ensure that facilities remain safe and in good working order.

Q2 Are these checks recorded and remedial action highlighted and completed?

- (YES) - The club records inspection checks of the grounds, car parks, paths and steps. Remedial action required following the checks are highlighted and subsequently completed.
- (NO) - Checks should be recorded and any remedial action needed should be completed

Q3 Are emergency access points and assembly points properly marked, operational and checked regularly?

- (YES) - The club checks regularly that emergency access and assembly points are operational and properly marked.
- (NO) - All emergency access points and assembly points should be checked regularly to make sure they are still fit for use. Assembly points need to be carefully located taking into account of position, number of people on site, and access for emergency vehicles

Q4 Are routes for cars and pedestrians clearly segregated, defined, and identifiable?

- (YES) - The club has routes for cars and pedestrians clearly segregated, defined and identifiable.
- (NO) - Clubs should make it clear where pedestrian zones are. Pedestrians should be able to safely cross/get off the car park on to pavements as soon as possible

Q5 Is there adequate lighting across the site to enable safe walking between facilities to car park etc.?

- (YES) - Lighting is placed in all areas to maintain suitably safe levels to prevent trips and falls. Lighting is included in the regular maintenance checks
- (NO) - The club should provide safe routes of access to and from the car park, around the clubhouse and to courts. Inadequate levels of lighting can give rise to accidents. Routine inspections of club lighting will ensure that where lighting has failed it is repaired as soon as possible.

Q6 During inclement weather are the car park and footpaths gritted/cleared from snow and ice?

- (YES) - During inclement weather the club ensures that communal footpaths and the car park are cleared of snow and ice.
- (NO) - During inclement weather the club should ensure that communal footpaths and the car park are cleared of snow and ice. Grit is spread on the night when the bad weather is predicted.

Q7**Are all electrical installations installed and maintained in line with legal requirements?**

- (YES) - All electrical installations are installed and maintained within legal requirements.
- (NO) - Only qualified and competent persons should be allowed access to install or maintain equipment. This may require outside contractors to complete works in order to comply. Maintenance should be carried out in line with manufacturer advised schedules.

Q8**Are all electrical installations, sockets etc. checked regularly by a competent person as part of the regular maintenance programme?**

- (YES) - All electrical installations, sockets etc. are checked regularly by a competent person as part of the regular maintenance programme.
- (NO) - Only a competent person should be allowed to check electrical installations, sockets etc.

Q9**Are fertilisers, pesticides and herbicides used for the courts and grounds used in line with COSHH requirements?**

- (YES) - The club recognises that fertilisers, pesticides and herbicides used for the courts and grounds are used in line with COSHH requirements
- (NO) - The Control of Substances Hazardous to Health is a legal requirement that clubs must be aware of and compliant with. Further details can be found at <http://www.hse.gov.uk/coshh/> Including the basics and how to manage within the requirements. clubs should adopt the HSE "Principles of good control practice" when dealing with potentially hazardous materials

Q10**Does the club ensure access restrictions, responsibility to lock up and regular maintenance of all storage areas?**

- (YES) - The club ensures that they have clear agreements in place for the use of storage facilities detailing access restrictions, responsibilities to lock up and regular maintenance of the areas.
- (NO) - Clubs should have a clear agreement in place for the use of storage facilities. This should include details of the areas for use, access details, responsibilities, and restrictions

Q11**Is all the equipment routinely checked in line with the manufacturer guidelines? (If not applicable, please leave blank)**

- (YES) - The club ensures that equipment is regularly maintained in accordance with the manufacturer's recommendations and within Health and Safety guidelines regarding the provision and use of work equipment.
- (NO) - It is recommended that the club regularly maintains items of machinery in accordance with the manufacturer's recommendations. Maintenance can be performed by members of staff or use a third party. For further information regarding the provision and use of work equipment see the following website: <http://www.hse.gov.uk/work-equipment-machinery/puwer.htm>

Q12**Is Personal Protective Equipment (PPE) provided to members of staff who undertake grounds maintenance?**

- (YES) - Personal Protective Equipment is provided to members of staff who undertake ground maintenance.
- (NO) - The club is responsible for providing suitable PPE to volunteers or employees who use lawnmowers, strimmer's, brush cutters and other maintenance machines or substances. For further guidance on what your duties are see: <http://www.hse.gov.uk/contact/faqs/ppe.htm>

Indoor and outdoor courts

Q13 Is a regular maintenance schedule in place for the upkeep of courts?

- (YES) - The club has a regular maintenance schedule in place which covers courts.
- (NO) - Clubs should ensure that they have a regular and documented maintenance schedule in place and that maintenance is carried out by competent persons and in line with any manufacturer guidelines and specifications

Q14 Are courts routinely cleaned in line with the requirements of the court type and use?

- (YES) - Courts are cleaned regularly and in line with recommended standards.
- (NO) - Courts should be maintained in line with manufacturer guidelines and specifications to ensure all hazards and debris are removed and the courts remain safe to play on. Clubs should document cleaning schedules to show compliance.

Q15 Are regular inspections carried out to look for wear and tear?

- (YES) - Regular inspections are carried out for wear and tear.
- (NO) - Wear and tear should be checked regularly and recorded. Damaged or worn surfaces could become a slip/trip hazard for users. Courts should be maintained in line with manufacturer requirements.

Q16 Do suitable arrangements exist for placing courts or court areas out of bounds if damaged or unsuitable for use? (e.g. bad weather, icy conditions, thunder storms)

- (YES) - Court safety & suitability are reviewed on a regular basis, and courts are secured when out of use and users are made aware that areas are out of bounds.
- (NO) - Damaged, unsuitable, or dangerous courts must not be made available for users. Clubs should consider how best to place courts out of bounds either by securing them (locking gates) or by clearly sign posting and cordoning off of areas. The club should also look to communicate this to it's members.

Q17 Are volunteers and employed workforce (where relevant) correctly trained in the use and set-up of additional equipment, including how to handle heavy or awkward items that may be on court/available for use? (e.g. scoreboards, umpire chairs, ball machines etc.)

- (YES) - Volunteers and paid workforce are trained on the safe use of court areas including supplementary equipment required in activities
- (NO) - Volunteers and the paid workforce should be made aware of how to use all and any equipment that they may be expected to use during their court use. A list of equipment together with staff training records are a good way of ensuring that only trained and competent users are able to work with potentially hazardous equipment. Users should receive documented training in the use of any work equipment. Clubs should ensure that users are safely setting up courts and are taking account of good manual handling techniques if lifting or moving heavy or awkward objects. Further guidance can be found at <http://www.hse.gov.uk/toolbox/manual.htm>

Q18 Are all club members and participants made aware of rules and health and safety requirements?

- (YES) - All members & participants receive information about club rules and requirements, including guidance on suitable footwear for various playing surfaces.
- (NO) - There should be clear methods of informing members and participants of club rules and health and safety requirements, including guidance on suitable footwear for various playing surfaces. This could be in the form of club rules/codes of conduct, safety signage etc.

Q19

Do you regularly use temporary structures such as airdomes and non-airdomes?

(YES) -

(NO) -
