

World Tennis Number – you need it for League

The ITF World Tennis Number (WTN) provides a global, level based player standard that will introduce a common 'Tennis Language'. It will be a much more accurate and dynamic system, the ITF World Tennis Number updates each week to provide a 'real time' measure of standard that can be trusted and relied upon and will apply to all players

A quick video overview is here: <https://vimeo.com/511657562/459025c0fd>

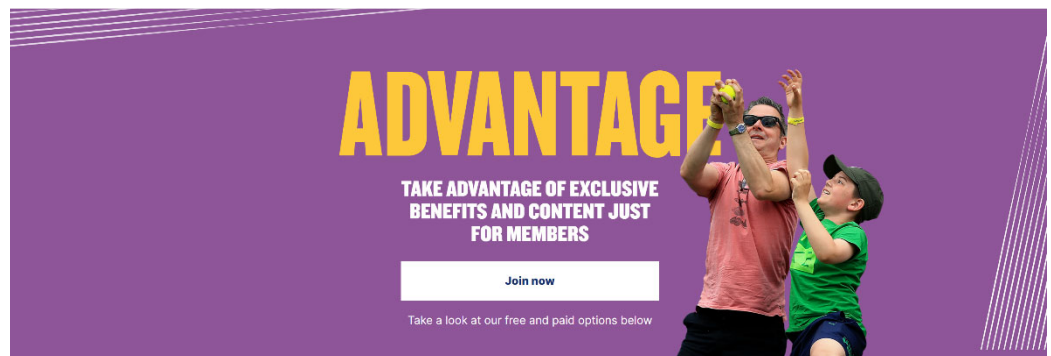

Important. To play summer league you will need a WTN.

If you haven't had a rating before you will need to sign up to LTA Advantage –you can do it [here](#).

New members to LTA Advantage and those that haven't competed in the last 4 years can then complete the Questionnaire to

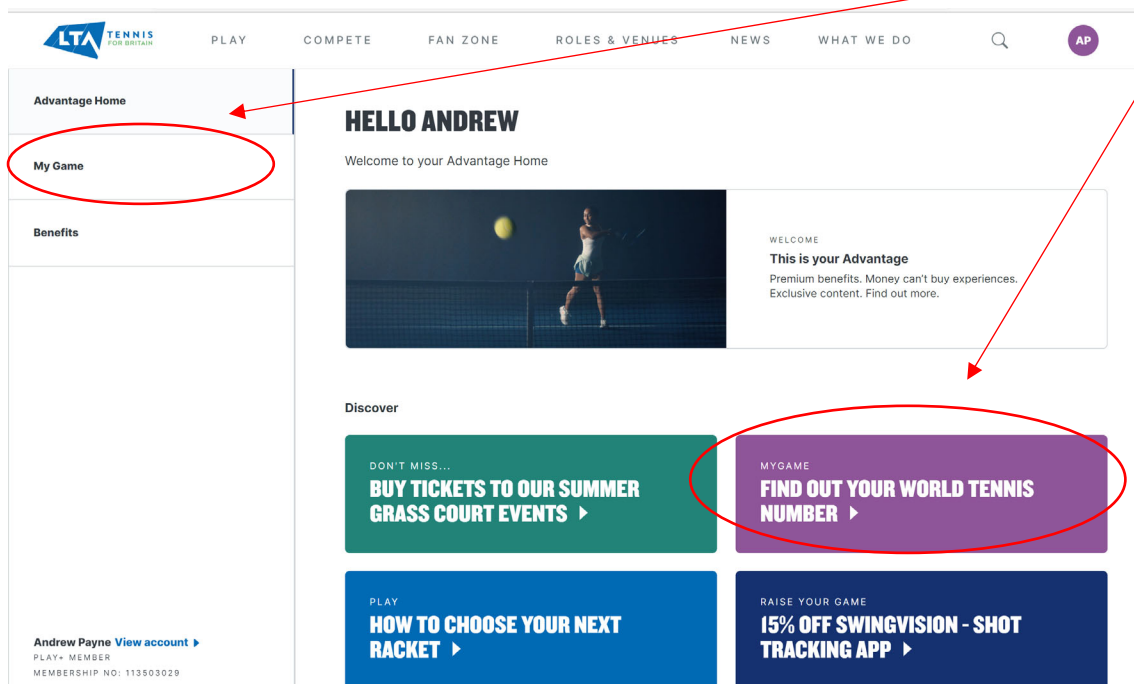

provide information on your tennis playing experience and get an accurate initial Number.

You can read more details about the new ITF World Tennis Number and watch a video explaining how it will work via this link: www.LTA.org.uk/WorldTennisNumber

A questionnaire is available to new adult (18+) players who have previously not had an LTA Rating or ITF World Tennis Number. The Questionnaire offers players the opportunity to provide information on their previous tennis playing experience to support the system in assigning them with the most accurate, initial Number as possible based on their actual experience. This means players can begin playing with a Number that is relevant for them rather than the default 40.9 As soon as the player starts to submit match results their number will be updated based upon their actual performances.
