Junior Coaching (under 11's)

We deliver a comprehensive children's coaching programme which we allow us to adapt and suit the needs of every child. With wide age brackets for each stage, our philosophy is to place children in a group where they are able to challenge themselves, feel success to be able to enjoy our wonderful sport! To help parents keep track of their child's progress, we have developed our very own Tennis Together curriculum! This curriculum will enable us to reward children for skills that they have mastered, as well as motivate them with the skills that they are working towards. **Scan the QR code to find out more.**

Junior Coaching (11+)

For our older children, we will follow a termly structure, which will cover both singles and doubles. This curriculum will be differentiated for those who play socially and for those play tournaments and club matches. With the latter being more focused on game situations they may face in matches. Our aim for all junior players is to teach them the tennis skills they will need to transition into the club as an adult member. **Scan the QR code to find out more!**

My two children (5 & 8) both attended Tennis Together's camp, I couldn't recommend it enough! They have never come away from a holiday camp begging to go back! Kate and Jon are so welcoming to all the children and really encourage them to get involved and make it fun for all ages. It's so easy to book and the communication is really clear. Would definitely recommend
