

Hello,

I'm Geoff Vaughan, I have over 19 years of tennis coaching experience as a fully licensed LTA coach. I love to bring my passion and expertise to the court, helping you believe & achieve!

In 2006, I took over as head coach of Chipping Campden Tennis Club, where I started with 7 students, over the years I have assembled a hardworking and diligent team of coaches to coach over 200 children each year.

So far in my few months working with Moreton Tennis Club, I have run 5 Tennis for kids courses, and held some great tennis camps during the holidays and run an amazing open day with over 40 children attending.

I strive to let each player unleash their full potential, whether that be the best in their squad, school, or county or to find a new level of fitness.

In my spare time I like to compete in the national seniors tennis tour, more tennis! When I'm not playing tennis, I'm still active, rock climbing, surfing or mountain biking.

If you see me at club, come over and say hi and tell me what coaching you would like to see happening at the club.
