## COURT BOOKING INSTRUCTIONS WITH AN ADMINISTRATOR LOGIN

This document takes you through the process of adding a court booking on the ClubSpark Morpeth Tennis Club website if your login gives you administrator rights.

Whenever you make a booking you must include all the people you are playing with as part of that booking, so that we have Covid-19 traceability.

1. Click the COURT BOOKING tab.

Note that there is a drop-down list to the right of the **View my bookings** > link.

As you have logged in with a username that has been given administrator rights, the 'View as Administrator' entry should be pre-selected here.

If you would prefer to book as a member, rather than an administrator, you can choose the alternative entry in this drop-down list, which is 'View as Member'.

View my bookings >	View as Administrator	
	View as Administrator	
	View as Member	

If you decide to select the 'View as Member' entry, the method for adding a booking is slightly different to the method described in this document. For details of how to book as a member, see the *MTC Court Booking Instructions - Standard Member* document.

The instructions below apply for the scenario of you making a booking with the 'View as Administrator' entry selected in the **View my bookings** > drop-down list.

2. Navigate to the day you want to book for.

You can do this by scrolling to the day you want with the scroll buttons, either side of the **TODAY** button.

Alternatively, you can select a particular date from the calendar that pops up when you click the calendar button.

It only now remains for you to specify a contact for the booking and add the participants. Do not, though, be tempted to specify a contact directly on the 'Make a booking' window, in the **Contact** box, since any contact details you give get discarded when you proceed to add participants.

5. Click the **Advanced options** link at the bottom of the 'Make a booking' window.

You're now taken to a new 'Make a booking' page.

If someone else is the contact for the booking, specify that person's name and email address by doing this:

a) Begin typing the person's name in the **Contact** box.

As the website attempts to match what you've typed in with entries from its database, it presents possible matches in a list beneath the **Contact** box, as in the illustration below, where we have typed in 'paul':

Contact

+ Add new contact	^

You can scroll down this list to find all the people on the database who match the text you've typed in.

b) If you want to reduce the size of the list, continue typing more of the person's name.

c) Select the contact you want from the list, scrolling down if necessary. For instance, here we are selecting Paul Johnson:

(	Contact

	Paulo Cardoso (cardoso.pacc@gmail.com) 🕥 💡		^
	Paul Johnson (pauljohnson44@hotmail.com) 🕥 💡	⊕

When you click on the contact you want, that contact's details appear in the **Contact** box and in the **Participants** area.

7. In the **Participants** area, begin typing the name of one of the other participants in the box containing the 'Add contact' placeholder.

The website attempts to match what you've typed in with entries from its database, and shows possible matches in a list beneath this box.

For instance, here we've typed in 'alan':

You can scroll down this list to find all the people on the database who match the text you've typed in, and you can also reduce the size of the list by typing more of the person's name.

8. Select the participant you want from the list, scrolling down if necessary.

For instance, here we are selecting Alan Hewson:

Notice that the website classifies this participant as a guest, rather than a member.

If the person you want to add to the **Participants** area is not on the database, you can add details of this person to the database by doing this:

a) Click the **+ Add new contact** link, which is at the top of the list of matching people.

For instance, here we have typed in 'david jones', found no match for anyone called David Jones, and so are proceeding to click the **+ Add new contact** link:
