

USE OF CHANGING ROOMS BRIEFING AND NUTC POLICY

BRIEFING

This document is intended to allow venues to meet the needs of its members, taking into account the facilities that are available to them, the number of people accessing them and the activities they are undertaking.

Whilst changing facilities in venues vary greatly, venues are required to have a policy on the use of changing facilities. This document provides a template policy which venues can adopt or use as a starting point alongside the CPSU changing rooms guidance (<https://thecpsu.org.uk/resource-library/best-practice/safe-use-of-changing-facilities/>) to develop their own policy

Venues who find it difficult to adhere to some of the procedures in this document and CPSU guidance may decide that it is more practical for players to come to the venue already changed, wearing suitably warm clothing e.g. tracksuits, and go home afterwards to change and shower.

It is also recognised that not all venues have their own private facilities and may use those owned by the community/local authority/schools/private business. These facilities may already have their own policy on the use of changing areas to which the venue may have to adhere as part of a facilities usage agreement

NUTC POLICY ON THE USE OF CHANGING ROOMS

Newmarket URC Tennis Club (NUTC) strives to ensure that all children are safeguarded from abuse and have an enjoyable tennis experience.

This document sets out the NUTC policy for the acceptable use of our changing rooms.

1. All players, including (groups of) children, should, if at all possible, arrive at the venue in their playing attire.
2. If children do need to use the changing facilities, they will have sole use of changing rooms. This reduces any risks and potential vulnerability associated with mixing adults and children when changing.
3. If adults and children need to use our changing rooms, they will do so at different times, unless part of the same family.
4. Under no circumstances will adult staff, coaches or volunteers change at the same time as children using the changing rooms.
5. Mixed gender groups of children will have access to separate changing areas - the toilet cubicles may be used - or use the same changing room but at different times.
6. If we are made aware that a child or adult self-identifies as a gender that differs from the gender they were assigned at birth, we will work with them and their parents/carers (where it relates to a child) to make reasonable adjustments to changing arrangements to suit their needs (*n.b. for more information on this please go to <https://thecpsu.org.uk/help-advice/topics/lgbt-young-people-and-sport/>*)

7. Mobile phones, cameras and other electronic devices must not be used in changing rooms.
8. For younger groups of children, a DBS checked member of staff or volunteer will wait outside the changing rooms to allow children to call to them for assistance if required.
9. If, for any reason, there is no access to changing facilities, children, parents and travelling teams/players will be made aware prior to the game and advised to make alternative arrangements e.g. to take appropriate additional clothing e.g. tracksuits etc.
