SAFEGUARDING POLICY

I. POLICY STATEMENT

The LTA Safeguarding Policy, Standards, Code of Conduct and Reporting a Safeguarding Concern Procedure are applicable to:

- The LTA
- Tennis Scotland
- Tennis Wales

The primary aim of all three organisations is to make tennis opened up, growing and sustaining the sport so that it is safe and inclusive. We are committed to prioritising the well-being of all children and adults at risk, promoting safeguarding to all tennis venues, programmes, events and individuals; empowering them to champion a proactive approach to safeguarding; and upholding safeguarding requirements for venues, programmes, events and individuals that the LTA, Tennis Scotland and/or Tennis Wales runs, accredits and/or funds.

The LTA Safeguarding Team supports Tennis Wales and Tennis Scotland to safeguard children and adults at risk. This Policy, Standards and Code of Conduct strive to minimise risk and support venues, programmes, events and individuals to deliver a positive tennis experience for everyone. The Reporting a Safeguarding Concern Procedure outlines how to respond to safeguarding concerns/disclosures

The LTA recognises that it has a legal responsibility to safeguard children and adults at risk, including due regard to the need to prevent people from being drawn into extremism and terrorism (the Prevent Duty).

2. USE OF TERMINOLOGY

Child: a person under the age of eighteen years.

Adult at risk of abuse or neglect: an adult who: has care and support needs; is experiencing, or is at risk of abuse or neglect; and because of their care and support needs cannot protect themselves against actual or potential abuse or neglect.

Safeguarding children: protecting children from abuse and neglect, preventing the impairment of

children's health or development, preventing children from being drawn into extremism and/or terrorist activity, ensuring that they grow up in circumstances consistent with the provision of safe and effective care, and taking action to enable all children to have the best life chances. Recognising that some children may be more vulnerable to abuse or neglect, such as children with disabilities.

Safeguarding adults at risk: protecting adults from abuse and neglect and preventing them from being drawn into extremism and/or terrorism. Enabling individuals to achieve the outcomes that matter to them in their life; protecting their right to live in safety, free from abuse and neglect. Empowering and supporting them to make choices, stay safe and raise any concerns.

Beginning with the assumption that an individual is best-placed to make decisions about their own well-being, taking proportional action on their behalf only if someone lacks the capacity to make a decision;

is exposed to a life-threatening risk; someone else may be at risk of harm; or a criminal offence has been committed or is likely to be committed.

(See appendix A for full glossary of terms).

APPENDIX A: GLOSSARY OF TERMS

ABUSE AND NEGLECT

- Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child or adult at risk. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces illness.

The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing or touching outside of clothing. They may also include non-contact activities, such as involving children/adults at risk in looking at, or in the production of, sexual images, watching sexual activities, encouraging them to behave in sexually inappropriate ways, or grooming someone in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can children.
- Emotional abuse: the persistent emotional maltreatment of a child or adult at risk such as to cause severe and persistent adverse effects on their emotional development. It may involve conveying to a child/ adult at risk that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person; not giving them opportunities to express their views; deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed, including interactions that are beyond a child or adult at risk's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing them participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing a child or adult at risk to feel frightened in danger, or exploited. Some level of emotional abuse is involved in all types of maltreatment, though it may occur alone.

- Neglect: the persistent failure to meet a child/ adult at risk's basic physical and/ or psycho logical needs, likely to result in the serious impairment of their health or development. It may involve a parent or carer failing to:
 - provide education, adequate food, clothing or shelter;

Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. There is no single way to identify an individual who is likely to be susceptible to extremist ideology. The internet and the use of social media can be a major factor in the radicalisation of people.
