

TADCASTER TENNIS CLUB

ONLINE SAFETY AND COMMUNICATION POLICY

Tadcaster Tennis Club strives to ensure that all children (anyone under 18) and adults at risk are safeguarded from abuse and have an enjoyable tennis experience.

This document sets out how we, as a club, use the internet and social media, and the procedures for doing so. It also outlines how we expect volunteers, coaches, players and parents/carers, to behave online and communicate with players.

The principles in this policy apply no matter which current or future technology is used.

The purpose of this policy is to:

- Protect children involved with our club and who make use of technology (such as mobile phones, tablets, games consoles and the internet).
- Provide volunteers and coaches with policy and procedure information regarding online safety and inform them how to respond to incidents
- Ensure our club operates within the law regarding how we behave online

We recognise that

- the online world provides everyone with many opportunities; however it can also present risks and challenges
- we have a duty to ensure that all children and adults involved in our club are protected from potential harm online
- we have a responsibility to help keep children safe online
- all children, regardless of age, disability, gender reassignment, race, religion or belief, sex or sexual orientation, have the right to equal protection from all types of harm or abuse
- working in partnership with children, their parents, carers and other organisations is essential in ensuring a responsible approach to online safety

This policy was last reviewed in January 2023 and will be reviewed every two years (or earlier if there is a change in national legislation). The next review date is 2025.

We will seek to keep children safe by

- understanding the safety aspects, including what is acceptable and unacceptable behaviour for coaches, volunteers and children, when using website, social media, apps and other forms of digital communication
- being aware that it doesn't matter what device is being used for digital interaction, but that the same safety aspects apply whether it is a computer, mobile phone or game console
- when using social media platforms, ensure that we adhere to relevant legislation and good practice

Managing our online presence

Our online presence through our website or social media platforms will adhere to the following guidelines:

- all social media accounts will be password-protected, and at least two volunteers will have access to each account and password
- social media accounts will be regularly monitored by the committee and all communication will be regularly discussed and reviewed at our committee meetings
- social media pages/groups (e.g. Facebook pages/groups) used to communicate with children must be made solely through the club's page
- identifying details such as a child's home address, school details, telephone number or email will not be posted on social media platforms
- any posts or correspondence will be of a professional purpose
- we'll make sure children are aware of who manages our social media accounts and who to contact if they have any concerns about the running of the account
- parents will be asked to give their consent for us to communicate with their children through social media, or by any other means of communication
- parents will need to give consent for photographs or videos of their child to be posted on social media
- all of our accounts and email addresses will be appropriate, fit for purpose and only used for club specific activities

What we expect of coaches and volunteers

Using mobile phones or other devices to communicate

- coaches and volunteers will communicate through parents directly or copy them into all messages to children
- where it is necessary to contact children directly, and it is not possible to copy for the parents into the message, we will seek parental consent to do this
- messages will be used for professional communication, such as reminders about lesson times, meeting points etc.
- if a child tries to engage a member of staff, coach or volunteer in a conversation which is not of a professional manner (for example, their personal life), the member of staff, coach or volunteer will: end the conversation or not reply; inform the County Safeguarding Officer as soon as

Using mobile phones/devices during activities

So that all children can enjoy and actively take part in tennis activities, we discourage the use of mobile phones/devices. As part of this policy we will:

- make children aware of how and who to contact if there is an emergency or a change to previously agreed arrangements
- inform parents of appropriate times they can contact children who are away on trips
- advise parents that it may not be possible to contact children during activities and provide a contact within the club or organisation who will be reachable should there be an emergency
