

Tavistock Tennis Club

Member Conduct & Reporting a Concern

Conduct of Members

Tavistock Tennis Club prides itself on offering a welcoming, friendly club culture and to be inclusive for all its members. To ensure we remain a welcoming club, we urge all members to follow our club rules, paying particular attention to making newcomers feel welcome, to be considerate, respectful and to not be judgmental of others playing ability.

Policy Statement

The committee shall have the power to temporarily suspend, expel or exclude any member whom it considers guilty of a breach of the rules (as outlined in our club constitution document) or of misconduct or offensive behaviour to any other member.

More information on our club constitution & policies can be found on our website under the forms & document section.
