### Victoria Park Club Membership Rates 2024

The Committee recognises that the current economic environment continues to place increased financial pressure on households and that, despite our costs increasing substantially year on year, as a community club we must play our part to support our members.

It is therefore proposed that the cost of membership for both tennis and bridge members for 2024 will be maintained at the current membership rates.

To further support members during these uncertain times, all existing members who renew before 1<sup>st</sup> April 2024 will once again receive a 5% discount on their membership.

The table below summarises the 2024 membership rates with and without the renewal discount.
