As can be seen from the tables above Wickham CTC ended up being “mid-table” in the Summer League. A very good effort!!

The winter league has started well with wins in our first four matches notwithstanding three autumn matches being postponed into 2024 because of wet weather. Time will tell regarding our final position but our last match is against Avenue 3 who are a very strong side this winter.

A huge thanks to all 16 Wickham members who were able to play. It is great to see our pool of players getting bigger year on year.
