

## HOW TO PAY YOUR FEES/JOIN OUR CLUB

Spring is here and we can now look forward to the better weather and lots of social and competitive tennis in 2022. Just a quick summary to remind you that WANT annual fees are now due and how you can make payment.

### Fees – Categories

The fees remain the same as 2021. The committee is aware of the impending cost of living pressures on households and although the club is not immune to these inflationary increases the decision was taken to support our membership in whatever small way we can as long as we can.

## **Would you consider making a small donation....**

The club has not increased fees this year however we are investing heavily in a fabulous new facility at Newport-on-Tay which has all but exhausted club funds and for members (and non-members) of the club who feel they can support the club that little bit further donations or advance payment of membership fees would be very welcome.

How can you help....

- Pay 2023 fees in advance and avoid any potential fee increases. If you pay double fees this year this would support the club and you could possibly avoid paying higher fees next year.
- One-Off Donation – a suggested donation of £25 per member (or less) would be fabulous and allow not only the club to start building our cash reserves again but support and fund various events at the club for all ages and levels in the coming year.
