

Richard Cragg - Head of Yellow Ball Performance

LTA Accredited+ Level 4 Coach

I started playing tennis at the age of thirteen. Loving it, I decided to pursue a career in coaching.

As a player, I've represented the club in national team tennis and national premier leagues, and have competed in British tour events.

I'm always looking to enhance my coaching knowledge, and have spent time with highly regarded coaches across the UK.

As a coach, I believe it's important to see each player as an individual, enabling them to understand their game.
