

## 19 May Club Update

I hope that I am not tempting fate when I say that this, fingers crossed, may be one of the last Covid-19 updates that we have to send out.

Please do not leave home to participate in tennis if you, or someone you live with, has symptoms of Covid-19.

### Reception

This is now inside in the club shop where reception used to be pre-Covid-19. Up to three people can queue at the desk, so please be patient and understanding. You may have to queue outside if reception is busy.

### Clubhouse

This is now open, but please continue to sanitise on entry and face coverings must be worn when moving around the clubhouse.

We would like to encourage people to continue to sit outside, but some indoor seating will be available. When sitting in the clubhouse the 'rule of six' or two households applies. We also have to be mindful of the Government's capacity restrictions for indoor facilities, which state they should be limited by providing a minimum of 100sq feet per person.

Parents and carers can watch lessons from inside the clubhouse, following the Government's capacity restrictions.

Please remember to scan the QR code for the area you are entering.

## **Changing rooms and showers**

These are open but government advice is to please come changed and avoid use where possible. If using, please keep socially distanced.

## **Cafe**

The cafe will still be selling hot and cold drinks, snack and cakes. These can be enjoyed either inside or outside. We will be adding to the menu gradually. Please let us know if you have any suggestions.

There are markings on the floor to queue, so please use these if the cafe looks busy.

## **Bar**

Due to the size of the Hernaman bar, this will remain closed. The cafe and outside seating areas can be used in the evenings as the bar. To be served, please either come to the cafe counter or reception.

## **Outdoor Tennis**

Please do not congregate on or around the court before or after play and ensure that any social interaction is in line with social contact restrictions (rule of six/two households).

Please allow others to leave before you enter the court. If you need to wait, please do so away from the courts and clear the gates.

Please ensure that you leave the court before the end of your allotted time so that it is empty for the next players.

If you would like to use the court brushes and line sweepers, please sanitise your hands before doing so.

## **Social Tennis Mornings and Evenings**

You can book in advance as has been the case, but we will allow people to make a decision on the day and turn up. Please ring the club before 9am if you would like to attend. Priority for the first round will be given to those that have booked in advance.

£1 to be paid per session. Please bring cash or prepay a few slots. We are asking for cash payments rather than card due to bank card charges per transaction.

Social tennis sessions will be outdoors regardless of the weather until at least September.

## **Indoor Tennis**

Indoor courts can now be booked and enjoyed by all, not just families and bubbles.

People can play with up to six players from different households or two households.

Adult coaching can now take place indoors, and does not need to comply with the rule of six. Most adult groups will continue to be outdoor for the summer.

LTA player guidance can be found by clicking [here](#).

## **Travel to matches**

Car sharing to matches is now allowed.
